Previous Minutes- Approved

Red Ribbon Week-October 22-26- Mr.Roou has given us permission to bring the MADD video to the MS. 6th and 8th grade students will watch the movie in the theatre. This has been a nice accomplishment. Now, we just need to find the MADD video. Lisa will contact Tina at the HS for this. If we don't find it, Kristi has some videos that we could use as a plan b.

We received permission from City Hall to allow the kids to write on the sidewalks downtown for a day. We will do this event on Tuesday, October 23rd, 3:30pm at the Boys and Girls Club. Lisa will bring red helium balloons and Club will provide the sidewalk chalk. Lisa and Michelle will attend the event and assist the kids with their anti-drug messages.

Strengthening Families- Monica has received one application for the SF Coordinator position. The deadline is Friday, October 19th. From there we will gather an interview panel and set up dates and times for interviews.

Grant Kick-Off??- This group discussed possibly doing some type of member recognition at one of the TFJCK retreats this year. We would invite members that have been involved from the beginning, have a meal, make recognitions, and do some planning.

November Meeting Topic-

- o My Space
- o Sustainability Committee

It was decided at this meeting that the November meeting topic would be Sustainability Committee.
